

## **IRL Polska has started direct trade at the Polish electric energy market**

The company IRL Polska, a part of INTER RAO Lietuva group, completed the first trading month of direct market access in TGE (PolPx) electric energy market of Poland.

IRL Polska sp. z o.o. obtained direct access in the so called Day-Ahead and Intraday Market (RDNiB) and Derivatives Market (RTT) on 10 October 2014.

*“By becoming an active participant of the market trade, the company can be more flexible in reacting to the changing situation in markets and reduce the expenditure of its activity as well. By having direct market access in electric energy market, IRL Polska proves the realization of activity development plans it announced earlier, too,” Anna Radziwonko, Head of IRL Polska Sales Department, says.*

The decision to enter direct market was adopted as a part of the implementation of the IRL Polska long-term plans to perform versatile activities and ensure a wide spectrum of services in the electric energy market of Poland.

### ***About IRL Polska***

IRL Polska Sp. z o.o. is a subsidiary of AB INTER RAO Lietuva in Poland. The company was established in October 2012 as a part of the group plans to expand their activities in the region. On November 2013 authorised capital of IRL Polska was increased from 2 to 10 million Polish zloty. On January 2014 the company was awarded a licence to trade in electric energy in Poland and the first trade dealings were performed in May of the same year.

Having realised the project of the new electricity ports Litpol 1 and 2 between Lithuania and Poland, IRL Polska plans to begin providing the services of medium and long period import and export of electric energy. In a long-term perspective the company expects to widen the range of services rendered and start providing electric energy to the final consumers.
